**International College - IC** added 15 new photos to the album: **Ziadeh Sawwaf Preschool Building Inauguration.**

Published by Moufid Beydoun [?] · June 14 at 12:09 PM · 🌐

Tuesday, June 11: In the presence of the two major donors for this new school facility, the school is very pleased to announce the official inauguration has been held for the new Preschool building on the Ras Beirut campus. The ceremony, attended by a multitude of key Lebanese figures, including AUB President Dr Fadlo Khuri, saw the new Ziadeh Sawwaf Preschool building inaugurated, a fantastic facility and one which the Preschool students have been learning in the much larger classrooms since January, thoroughly enjoying their new surroundings, in fact in their new second home! It is thanks to the very generous support of Board Member Mr Mu'taz Sawwaf as well as Mr Basim Ziadeh that the new building has been made possible. Both IC Alumni from the class of '69, they were each presented with a replica of the new building carrying their name at the ceremony. With IC's oldest buildings dating back to 1911 (Sage) and 1913 (Rockefeller and Thomson), and still standing the test of time as they remain very much in use, here's to the next 100 years and more for the Ziadeh Sawwaf Preschool building! #icspirit #leedgold

internationalcollegelb Dania Nsouli '86 is the co-owner and marketing manager of Nsouli Jewelry. Back in her days at IC, she was one of the students who helped create one of the most popular student-led events: The Annual IC Fashion Show! As an alumni, Dania is still an active member of the community. She strongly believes in the IC spirit and its role in guiding one's personality: "It (the IC Spirit) is undeniably recognizable in every student or alumna. An IC character is able to sit and talk comfortably with people from any social-economic background, be they a person in need on the street, or the most prominent or wealthiest person in the country." And thus, she chose to share this

**Inauguration of Mikati Middle School Building.**

Published by Richard Bampfylde [?] · June 15 at 11:53 AM · 🌐

The inauguration ceremony for the new Mikati Middle School building at Ras Beirut saw an opportunity to thank and honor the Mikati family as major donors as well as celebrate a wonderful new facility for the school's students from Grades 6 to 9. At a ceremony attended by IC Chairman Don Selinger, Vice-Chairman Imad Taher and President Dr Don Bergman along with a very large number of key Lebanese figures including AUB President Dr Fadlo Khuri, the new facility was officially inaugurated. Middle School students have already begun using the building and benefitting from many aspects, not least the much larger classroom space available. It is thanks to the generous support of the Mikati family that the building has been made possible. Attending the ceremony were brothers H.E. Najib Mikati and Mr Taha Mikati as well as other family members. The family has long-had close ties to the school, with Mr Taha Mikati attending IC and graduating in 1964. His son, Azmi, was previously on the Board of Trustees. The children of his brother, Najib, were at IC, namely Maher '98 and Mira '00, as well as Malek '07 (who left in the Elementary school). It is hoped the close relationship will continue for many more generations to come. Indeed, Maher, who is now on IC's Board has his children at IC, with Najib in 6ème, May in CM1 and Nada in CE1. Middle School students benefit from a range of programs in English, French and Arabic and this new, state-of-the-art facility will add so much more opportunity for teachers to enrich their practices, and for students to considerably benefit from such enrichment. Similar to the school's oldest buildings (Sage Hall, 1911, Rockefeller and Thomson Halls, 1913), we look forward to 100 years and more occupying these new and very special buildings. #icspirit #leedgold

internationalcollegelb Great activity today in Ain Aar, as Grade 7 students showcased all their hard work during their Silk Road interdisciplinary learning project. From China to Syria and several countries in between included in their studies. Many parents and other members of the community able to attend, including the Red Cross with funds raised donated to the organization. Mabrouk to the students and much praise to the efforts of all their teachers too. #icspirit

**Silk Road Interdisciplinary Challenge.**

Published by Richard Bampfylde [?] · June 21 at 1:39 PM · 🌐

Tuesday, June 18: Grade 7 students in Ain Aar showcased their fantastic Silk Road interdisciplinary project and learning journey with performances, stands, items for purchase and food. The students show-cased their work that involved the Social Studies, Science, English, Arabic and music subjects. They spoke about their research, read their poems and stories in English and Arabic and performed their own musical compositions all of which were inspired by the Silk Road countries they researched. The students linked present-day silk road countries to old ones through the use of QR codes on their posters that allowed guests to travel back in history and see the videos starring the students about these countries. The students were then available to answer any questions from parents and other invited guests. Also, the Red Cross were present because money collected from the Bazar which sold typical Silk Road items will be donated to them. The items sold in the Bazar were a donation from parents for this cause. The students were able to proudly raise the amount of L.L. 2,400,000. Mabrouk to the students! And mabrouk to their teachers and the parents who supported this learning journey with so much commitment and enthusiasm. #icspirit

The school is fast approaching the end of its fiscal year! Donations help IC to preserve the diversity of its student body. For US tax payers, please remember IC is a non-profit, 501(c)(3) organization and all contributions are tax-deductible. Your support and generosity are as always highly appreciated. **INTERNATIONAL COLLEGE**

**THE IMPACT YOU MAKE WHEN YOU GIVE TO THE IC ANNUAL FUND**

**Post Card**

I am **Mario-Therese M. Chaklad**, IC alumna and currently a first year pre-medical student at AUA.

I am sending you this postcard from my beloved school with heartfelt gratitude and ask you to consider the gift of education.

Your generous donations and unwavering financial support is a difficult economic environment allowed me to continue my journey at IC.

Now, many deserving students are in dire need of tuition assistance. You may help by contributing to the 2018-20 Annual Fund.

No amount is too small. Give now and make an everlasting impact.

Thank you!

Mario-Therese M. Chaklad  
former IC scholar, class of 2018

Thank you to all those who donated this year and in the past. As we approach the end of this fiscal year on June 30, 2019, help us ensure our ability to provide tuition assistance for many deserving students in the next academic year especially as Lebanon is passing through a tough economic situation.

Please consider making a participatory gift of any amount.
