internationalcollegelb Here's wishing this group all the best as they travel on Wednesday for the Association of Music in International Schools competition in Switzerland. Don't forget to wish the girls plenty of luck if you see them before they leave! They'll be singing with the European Middle School Honor Girls' Choir at the Inter Community School Zurich. #icspirit

Continuing our sustainability themed month, the UN Sustainable Development Goals are a set of 17 goals, launched in 2015 and to run until 2030. Comprising of 169 targets as well as 231 indicators, the 'Global Goals' are a universal call to action to ensure present and future generations can live healthy, happy and prosperous lives, all in balance with nature. At IC, we provide education on sustainability, with students knowledgeable and acting on the SDGs now. Connected to this, bottom right shows the monk seal awareness project from students in the Secondary as part of their community service #icspirit

Ras Beyrouth ont participé aux rencontres scientifiques. Des ateliers présentés par les élèves et pour les élèves: sous forme de défis à partager entre les élèves. Manipulations, connaissances, échanges et réflexions étaient au rendez vous ! #icspirit

internationalcollegelb The 3 pillars of sustainability, adapted from Barbier's seminal concept diagram (1987). Introduced at many grade levels at IC, the original image helped pave the way for sustainable development to be discussed so seriously at the Earth Summit in Rio de Janeiro in 1992. It remains as worthwhile as ever, helping to showcase the three elements of sustainability which must all be considered for a thriving planet and prosperity for all #icspirit
