2015 – 2016 Academic year

**Semester I**
September 2015 – December 2015
Ends with the Mid Year cumulative exams

**Semester II**
January 2016 – May 2016
Ends with the Final Exam cumulative exams

**Examination and Report Sheet Distribution Dates:**

- November 17: first progress report
- Week of November 17: Parent–Teacher meeting
- December 15 - 19: Semester I examinations
- January 19: Semester 1 report
- *May*: Semester 2 examinations (Final examinations)
- *June*: Commencement and Annual Report Sheets

* Tentative dates
How Does IC Prepare its students for University Studies

1. Mrs. Randa Soubaih, *Local College Counselor*, is responsible for orienting students towards local (AUB, LAU, ...) universities. She arranges for meetings with speakers from these universities which are announced on the IC website.

2. Mrs. Marie Kassir, *Foreign College Counselor*, is responsible for orienting students towards foreign universities. She arranges for meetings with speakers from these universities which are announced on the IC website.

3. Mrs. Josette Eid, is in charge of career guidance and of inviting speakers from different professions to address the students.

4. Mr. Rida Saleh is responsible for the orientation of French speaking universities in Lebanon and France.
How Does IC Prepare its students for University Studies (cont.)

B: Information Technology Programs which aid students in discovering their areas of strength and future professions

1. GPO2
2. My road.com
3. BLOM chabeb

C: Local guest speakers who lecture students on their current professions (your contributions are welcome 😊)
Admission to AUB

SAT I + School transcript of record for grades 10 & 11

THE COMPOSITE SCORE (CS) and how it is generated by AUB

Composite Score = 50% SAT I + 50% school grades = (Critical reading + mathematical reasoning) + Grade 10 + Grade 11
AUB follows a scale of 800

School *grades* from grade 10 and grade 11 are converted to a scale of 800.

**How is this done?**

If a student is above school average he will get above 500/800

If a student is below school average he gets below 500/800

AUB takes the average of the IC students applying this year

Every student who gets the average of IC students is automatically granted 500/800
Every student is compared only against the group applying from his school

• This means that if the students’ average in school X is 90/100, the student who gets a 90 gets a 500/800 on the AUB scale.

• If IC students get an average of 75 /100 then the IC student who gets a 75 gets a 500/800.

• Conclusion : a 90 from another school is the same as a 75 from IC.
